Forecast For Tayside, Central & Fife
Issued by Met Office Aberdeen
at 1600 on Thursday 16 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
West cloudy with some rain on Friday, east mainly dry.

This Evening and Tonight:
A mainly dry evening but thicker cloud and occasional rain will reach Stirlingshire and the west later this evening and then the east in the early hours. Minimum temperature 12 deg C (54 deg F).

Friday:
East mainly dry, perhaps a little warm sunshine for a time. Cloudy across western areas with some rain, this spreading east later in the day. Maximum temperature 20 deg C (68 deg F).

Outlook for Saturday to Monday:
Often dry with some brightness at times, although a few showers are possible over the weekend. Becoming mainly dry on Monday.
